

AN ORDINANCE TO PROVIDE FOR AN
IRRIGATION WATER METER IN ADDITION
TO AN EXISTING WATER METER

BE IT ORDAINED BY THE CITY COUNCIL OF CLINTON, ARKANSAS:

SECTION 1. The City shall provide an additional water meter to customers for irrigational purposes only. Those water customers who already have a service line and meter may request such an additional irrigation water meter from the City. Said meter shall be placed on a separate water line which shall be installed at the customer's expense and which will tap into the pre-existing service line.

SECTION 2. No sewer charge shall be levied or collected by the City in connection with water passing through the separate water meter used solely for irrigation purposes.

SECTION 3. The City shall charge certain costs for the installation of the irrigation water meter to the customer. These costs for the separate meter as described herein within the City of Clinton shall include a service charge of \$7.50, a tapping fee of \$150.00 and a deposit of \$15.00. These costs may be modified from time to time without amending the Ordinance herein.

SECTION 4. PENALTY. If any water customer who has an additional water meter for irrigation purposes knowingly uses the water passing through said meter for any other purposes, he or she shall be guilty of a misdemeanor and if convicted, shall pay a fine of \$ 10⁰⁰. Each day of such unlawful use of water through the additional meter as described herein shall constitute a separate offense of this Ordinance.

PASSED this 9th day of April, 1987.
